

Emsi Privacy Shield Policy

Scope

The Emsi Privacy Shield Policy (“Policy”) applies to the collection and processing of Personal Data that Emsi obtains from Data Subjects located in the European Union (“EU”). The Policy describes how Emsi collects, uses, and discloses certain data about an identified or identifiable individual that it receives in the United States from the EU. This policy also applies to Emsi’s UK affiliate, Economic Modelling UK Ltd.

This Policy does not cover data from which individual persons cannot be identified or situations in which pseudonyms are used. (The use of pseudonyms involves the replacement of names or other identifiers with substitutes so that identification of individual persons is not possible.)

Emsi recognizes that the EU has established strict protections regarding the handling of EU Personal Data, including requirements to provide adequate protection for EU Personal Data transferred outside of the EU. To provide adequate protection for certain EU Personal Data relating to website users, customers, prospective customers, partners, vendors, third party suppliers and contractors that Emsi receives in the U.S., Emsi complies with the EU-U.S. Privacy Shield Framework (“Privacy Shield”) as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of Personal Data transferred from the European Union to the United States. Emsi has certified to the Department of Commerce that it adheres to the Privacy Shield. Emsi adheres to the Privacy Shield Principles of Notice, Choice, Accountability for Onward Transfer, Security, Data Integrity and Purpose Limitation, Access, and Recourse, Enforcement and Liability. If there is any conflict between the terms in this Policy and the Privacy Shield, the Privacy Shield shall govern.

Renewal and Verification

Emsi will renew its Privacy Shield certification annually, unless it subsequently determines that it no longer needs such certification or if it employs a different adequacy mechanism.

Prior to the re-certification, Emsi will conduct an in-house verification to ensure that its attestations and assertions regarding its treatment of Personal Data are accurate and that Emsi has appropriately implemented those practices. Specifically, as part of the verification process, Emsi will undertake the following:

- Review this Policy and its publicly posted website privacy policy to ensure that these policies accurately describe the practices regarding the collection of Personal Data;
- Ensure that the publicly posted Policy informs Data Subjects of Emsi’s participation in the Privacy Shield program and where to obtain a copy of additional information (e.g., a copy of this Policy);
- Ensure that this Policy continues to comply with the Privacy Shield principles;

- Confirm that Data Subjects are made aware of the process for addressing complaints and any independent dispute resolution process (Emsi may do so through its publicly posted website, Customer contract, or both);
- Review its processes and procedures for training Employees about Emsi's participation in the Privacy Shield program and the appropriate handling of Personal Data.

Enforcement

For purposes of enforcing compliance with the Privacy Shield, Emsi is subject to the investigatory and enforcement authority of the U.S. Federal Trade Commission. For more information about the Privacy Shield, see the U.S. Department of Commerce's Privacy Shield website located at <https://www.privacyshield.gov>.

To review Emsi's Privacy Shield certification, see the U.S. Department of Commerce's list of Privacy Shield certified companies located at <https://www.privacyshield.gov/list>.

Responsibilities and Management

Emsi has designated its Legal Department to oversee its compliance with the EU Privacy Shield program. The Emsi Legal Department shall review and approve any material changes to this program as necessary. Any questions, concerns, or comments regarding this Policy also may be directed to legal@economicmodeling.com.

Collection and Use of Personal Data

Emsi collects the following types of Personal Data from Customers that subscribe to Emsi services: contact information (including name, work email address, work mailing address, work telephone number, and title), company name, and payment information. Emsi may also collect the names and email addresses of a Customer's authorized users.

Emsi collects the following types of Personal Data from Data Subjects who use Emsi's online services: user id (which may, but is not required to be, an email address), password, email address, birth date, IP address, browser type, and site activity.

What items of Personal Data Emsi collects depends on what service is being used.

The information Emsi collects is used for the following purposes:

- Transactions with Customers (including satisfying contracting, payment, government reporting, tax, and other requirements)
- User authorization for services that require a login
- Session management
- Customer support
- Usage analytics for product improvement
- Software error tracking

- Network and IT system security

Emsi does not collect Sensitive Data.

Disclosures and Onward Transfers of Personal Data

Except as otherwise provided herein, Emsi may provide Personal Data to Third Parties who reasonably need to know such data, and only for the scope of the initial transaction and not for other purposes. Such Third Parties act as agents, consultants, and contractors to perform tasks on behalf of Emsi and under Emsi's instructions. For example, Emsi may store Personal Data in facilities operated by Third Parties, or transmit Personal Data to Third Parties which conduct usage analytics and provide feedback for product improvement. Such Third Parties must agree to use such Personal Data only for the purposes for which they have been engaged by Emsi, and they must either:

- a) comply with the Privacy Shield principles or another mechanism permitted by the applicable EU data protection law(s) for transfers and processing of Personal Data; or
- b) agree to provide adequate protections for the Personal Data that are no less protective than those set out in this Policy.

Emsi also may disclose Personal Data for other purposes or to other Third Parties when a Data Subject has consented to or requested such disclosure. Please be aware that Emsi may be required to disclose an individual's Personal Data in response to a lawful request by public authorities, including to meet national security or law enforcement requirements.

Emsi remains liable for appropriate onward transfers of personal data to Third Parties.

Data Integrity and Security

Emsi uses reasonable efforts to maintain the accuracy and integrity of Personal Data and to update it as appropriate. Emsi has implemented physical and technical safeguards to protect Personal Data from loss, misuse, unauthorized access, disclosure, alteration, or destruction. For example, electronically stored Personal Data is stored on a secure network with firewall protection and, where appropriate, encryption. Access to Emsi's electronic information systems requires user authentication via password or similar means. Emsi also employs role-based access restrictions, limiting the scope of employees who have access to Personal Data. Emsi employees may access Personal Data only if they are authorized to do so and only for the purposes for which they are authorized. Despite these precautions, no data security safeguards guarantee 100% security all the time.

Notification and Consent

Emsi notifies Data Subjects about its adherence to the EU-US Privacy Shield principles through its publicly posted website privacy policy, available at: <http://www.economicmodeling.com/privacy-policy>. Emsi obtains approval and adherence to the current Policy in the transactional process. Data

Subjects who use Emsi's online services are notified of the policy and asked for consent when they create a login, or at another appropriate point during interaction with Emsi's websites.

Right to Access, Change, or Delete Personal Data

Right to Access. Data Subjects have the right to know what Personal Data about them is included in the databases and to ensure that such Personal Data is accurate and relevant for the purposes for which Emsi collected it. Data Subjects may review their own Personal Data stored in the databases and correct, erase, or block any data that is incorrect, as permitted by applicable law and Emsi policies. Upon reasonable request and as required by the Privacy Shield principles, Emsi allows Data Subjects access to their Personal Data to correct or amend such data where inaccurate. Data Subjects may edit some of their Personal Data by logging into their account profile if they have created one, and may request more extensive editing by contacting Emsi by email, phone, or regular mail. In making modifications to their Personal Data, Data Subjects must provide only truthful, complete, and accurate information. To request erasure of Personal Data, Data Subjects should submit a written request to Emsi.

Requests for Personal Data. Emsi will track each of the following and will provide notice to the appropriate parties under law or contract when either of the following circumstances arise: (a) legally binding request for disclosure of the Personal Data by a law enforcement authority, unless notice is prohibited by law or regulation; or (b) requests received from the Data Subject.

Satisfying Requests for Access, Modifications, and Corrections. Emsi will endeavor to respond in a timely manner to all reasonable written requests to view, modify, or delete/inactivate Personal Data.

Changes to This Policy

This Policy may be amended from time to time, consistent with the Privacy Shield Principles and applicable data protection and privacy laws and principles. Emsi will make employees aware of changes to this Policy either by posting to our intranet, through email, or other means. We will notify Data Subjects if we make changes that materially affect the way we handle Personal Data previously collected, and we will allow them to choose whether their Personal Data may be used in any materially different manner.

Questions or Complaints

EU Data Subjects may contact Emsi with questions or complaints concerning this Policy by one of the following methods:

- email: legal@economicmodeling.com
- telephone: 1-208-883-3500
- mail: Emsi
409 South Jackson Street
Moscow, ID 83843

USA

Enforcement and Dispute Resolution

In compliance with US-EU Privacy Shield Principles, Emsi commits to resolve complaints about your privacy and our collection or use of your Personal Data. Data Subjects with questions or concerns about the use of their Personal Data should contact Emsi at legal@economicmodeling.com.

If a question or concern cannot be satisfied directly, Emsi has further committed to refer unresolved privacy complaints under US-EU Privacy Shield to an independent dispute resolution mechanism operated by JAMS. If you do not receive timely acknowledgement of your complaint, or if your complaint is not satisfactorily addressed by Emsi, EU Data Subjects may bring a complaint before the JAMS EU-US Privacy Shield Dispute Resolution at <https://www.jamsadr.com/eu-us-privacy-shield>. Finally, as a last resort and in limited situations, EU individuals may seek redress through binding arbitration.

Definitions

Capitalized terms in this Privacy Policy have the following meanings:

"Customer" means a prospective, current, or former partner (distributor or reseller), vendor, supplier, customer, or client of Emsi. The term also shall include any individual agent, employee, representative, customer, or client of an Emsi Customer where Emsi has obtained his or her Personal Data from such Customer as part of its business relationship with the Customer.

"Data Subject" means an identified or identifiable natural living person. An identifiable person is one who can be identified, directly or indirectly, by reference to a name, or to one or more factors unique to his or her personal physical, psychological, mental, economic, cultural or social characteristics.

"Employee" means an employee (whether temporary, permanent, part-time, or contract), former employee, independent contractor, or intern of Emsi or any of its affiliates or subsidiaries, who is also a resident of a country within the European Economic Area.

"Europe" or "European" refers to a country in the European Economic Area.

"Personal Data" means information that a) is transferred from the European Economic Area (EEA) to the United States in reliance on the Privacy Shield Framework; b) is about, or pertains to, a specific individual; and c) can be linked either directly or indirectly to that individual. Personal Data does not include data that is de-identified, anonymous, or publicly available.

"Third Party" means any individual or entity that is neither Emsi nor an Emsi employee, agent, contractor, or representative.

Revised 16 March 2018
